# Helpful Suggestions

and

## Information for Bell Telephone Patrons

The Use of the Company's Lines is limited to communications between parties, both of whom are present at the telephone, and employees of the Company are prohibited from accepting written or verbal messages for transmission or delivery.

Local Exchange Calls originating at public pay stations or telephones where it is necessary to deposit a nickel for each conversation are limited to five minutes duration and a charge of five cents will be made for each period of five minutes.

Subscribers to Party Lines are limited to five minutes use of the line at one time.

The Chief Operator will Furnish on request, new call numbers of subscribers not listed, and who have had service installed or of numbers which have been changed after this Directory was printed.

It is impossible for Operators to give attention to complaints of trouble, therefore subscribers are requested to report any irregularities in their service promptly to the Chief Operator.

Ten Days' Notice for Changing location of telephones should be given. Subscribers are requested to report fully by letter any change in firm name or business, for correction in the following issue of Directory.

Bills for Current Months' Service are payable at the Company's Office by the 15th day of the month. Service is subject to suspension if payment is not made by that date.

Schedules of Rates in Force at each exchange are on file at the Manager's office and can be examined by applying to the Manager.

Non-subscribers will be listed in this Directory with residence address and telephone number if they reside where telephone service has been installed. A charge of twenty-five cents per month is made for this entry.

A Copy of this Directory is delivered free to every subscriber for use until the next issue, but the book remains the property of the Company. It is imperative that the current issue be always used to obtain correct call numbers.

This Company Assumes no Liability for damages arising from names left out of this Directory or from errors occurring in its compilation or printing.

Telephone Directories of the Principal Cities throughout the Country may be obtained by any of our subscribers wishing same, who will agree to pay the charges made by the issuing company. Prices and other information can be secured by calling the Manager's Office.

The Fire Department and the Police Department are always available by telephone. Tell

your story briefly, calmly and distinctly, giving your street address, and answer promptly any question asked by the Department called.

Patrons are Cautioned against the possible entry into their premises of Fraudulent Persons posing as Repairmen, Inspectors or Collectors. Employees of this Company, duly authorized to install, repair or remove telephones, or collect for service, are provided with proper credentials. Please guard yourself against any misrepresentation by asking to see these credentials.

Use of Foreign Equipment. The Company is responsible for satisfactory telephone service, it cannot permit the use of any equipment or other apparatus in connection with that furnished by it. Subscribers are cautioned not to purchase or use any equipment not furnished by this Company.

This Company Connects with the American Telephone & Telegraph Company, furnishing service to all of the important cities in the country.

Full Information as to classification of telephone toll rates—see following page.

Telegrams May be Sent over the wires of this Company, to or from Telegraph offices. The Telephone Company does not assume responsibility for the correct transmission of the messages.

Supervision by Private Branch Exchange Operators—The long distance operator is held responsible for the supervision and timing of all messages and for the character of the service furnished. Supervision of connections by Private Branch Exchange Operators interferes with satisfactory service, and such operators should not remain "cut in" on the line after the connection has been established.

Requests for Charges—If a patron desires notification of the amount of the charge on his message, he will save time by so advising the operator at the time he gives his call. If the request for such information is not made until the completion of the conversation, unavoidable delay results while the operator obtains the rate and computes the charge.

Report all complaints of long distance service to the "Long Distance Chief Operator."

For information not given above concerning long distance service, call "Long Distance Information Operator."

The Company Cordially Invites all users of the telephone to call at any Exchange for an inspection of the operating room and other interesting details of the business. The unique features of a Telephone Exchange are but little understood by the public at large, and observations by the subscribers often lead to suggestions, tending to the best results in the service.

# Telephone Toll Rates

Your attention is again invited to the advantages and economies which may be had under our present Toll Rate Schedule.

**"STATION TO STATION" RATE.** When a person makes a toll call without specifying that conversation is desired with a particular person, and the connection is established and conversation held, the "station to station" rate applies.

"Station to station" calls should be made by number wherever Telephone Directory information is available. Where this information is not available at the calling telephone, such calls may be made by giving the toll operator the name and address of the subscriber at the telephone called.

**"PERSON TO PERSON" RATE.** When a person makes a toll call, specifying that conversation is desired with a particular person or Private Branch Exchange terminal and the connection is established and conversation held with that person, the "person to person" rate applies.

As this service requires a greater amount of operating effort and use of toll circuits, the rate for such calls is about one-fourth greater than the "station to station" rate.

The "person to person" rate is computed on the day rate between the points involved, whether the call is made during the day or during the night, and the minimum charge is 15c.

**"REPORT CHARGE."** When a "person to person" call is made and the particular person desired is not in or will not talk, or when an exact telephone address of the particular person desired has not been given and he cannot be reached at a telephone within one hour, a "report charge" applies.

Such a charge also applies if the calling party is absent when the connection is completed within one hour, or if he refuses to talk.

If the connection is finally completed that day to the party called at the same city or to a substitute designated by the calling party no report charge is made when the regular rate is collected.

This charge is to cover compensation\* for the operating work performed and use of toll circuits, and is approximately one-fourth of the "station to station" rate.

In any case where a "report charge" applies, the minimum charge is 5c.

**"APPOINTMENT" RATE.** When the calling party in placing his call appoints a definite specified time at which he will talk on a "person to person" basis and the conversation is held at the specified time, the "appointment" rate applies.

The "appointment" rate is approximately one-half greater than the "station to station" rate.

The "appointment" rate is computed on the day rate between the points involved, whether the call is made during the day or during the night, and the minimum charge is 20c.

"Report charges" apply under the same general conditions as specified for "person to person" calls.

**"MESSENGER" CALLS.** When a call is made on a "person to person" basis and a messenger is required to secure attendance of the designated person at a public pay station at the distant point, the "messenger call" rate applies.

This rate is the same as the "appointment" rate for the same distance, plus any charge for messenger service.

The "messenger call" rate is computed on the day rate between the points involved, whether the call is made during the day or during the night, and the minimum charge is 20c.

Messenger charges incurred are to be paid even if desired conversation is not held.

"Report charges" apply under the same general conditions as specified for "person to person" calls.

**STANDARD TOLL NIGHT RATES.** The following reduced rates for night service on a "station to station" basis only are effective:  
8:30 p. m. to 12 midnight—about one-half of the "station to station" day rate.

12:00 midnight to 4:30 a. m.—about one-fourth of the "station to station" day rate.

For the purpose of applying night rates, the time of day at the point at which a "station to station" message originates, is used.

The minimum night rate is 25c. Day rates apply on calls made at night when the "station to station" charge is less than the minimum night rate.

**"COLLECT" CALLS.** "Collect" calls are calls for which the charges are reversed; that is, are to be collected from the subscriber at the distant station at which the call is completed.

Such "collect" calls, or reversed charges are allowed only in connection with "person to person" calls.

## EXAMPLE SHOWING HOW METHOD IS APPLIED

Assuming the air line distance between toll points to be more than 144 miles, but not more than 152 miles, the following rates for service under the various classes offered would apply:

	Initial Period
"Station to station" rate.....	\$1.00
Completed "person to person" rate.....	1.25
Completed "appointment" rate .....	1.50
Completed "messenger call" rate.....	1.50
Plus messenger charges	
Report charge .....	.25
Rate between 8:30 p. m. and 12 midnight, "station to station" service only	.50
Rate between 12 midnight and 4:30 a. m. "station to station" service only..	.25

# WISCONSIN TELEPHONE COMPANY

## Move Order and Renewal Agreement

-----Exchange-----192 .

The Subscriber requests the WISCONSIN TELEPHONE COMPANY to move telephone Number-----now located at-----to-----on-----192 , or as soon thereafter as practicable. Remittance covering the charge in accordance with the schedule below amounting to \$----- enclosed. Service to be furnished at the new location subject to the schedules, rules and regulations of the Company.

Accepted for Wisconsin Telephone Co. (Sign here)-----Subscriber

By-----\*By-----  
Manager

\*In case of a corporation or firm, or signature of an individual by another the name and title of the person signing must be given.

### SCHEDULE OF CHARGES

***“TALK to the point and stop when  
you have reached it.”***

Telephone subscribers, particularly those on party lines, can help to improve their own service and that of all other users by practicing brevity. Crisp and expressive phrases, which bring out the full thought clearly and expeditiously, facilitate your telephone conversation and release the line for other users.

**Wisconsin Telephone Company**

# STATION-TO-STATION TOLL SERVICE

---

Every day, thousands of long distance calls are made by patrons who state that they wish to talk to ANYONE at a distant telephone.

These are "station-to-station" calls.

Station-to-Station calls are completed more quickly and at less expense than when it is necessary for the operator to locate a particular person, and the charge for station-to-station service is consequently lower.

The use of this service will increase the utility of your telephone and will save you time and money.

Full information is shown on page 3 of this directory.

**WISCONSIN TELEPHONE COMPANY**

# Right and Wrong Way

**F**ROM time to time subscribers complain that they cannot hear the party at the other end of the line. In some instances this is found to be the fault of the apparatus or of the lines, but usually such complaints are due to the failure of the party at the other end of the line to *speak closely into the transmitter.*

The cuts below show the right and the wrong way.

Please follow the "right" way when using the telephone and thus assist in making Our service the best telephone service anywhere.

The right way.

The wrong way.

## TELEPHONE PLEDGE

*I believe in the Golden Rule and will try to be as courteous and considerate over the telephone as if face to face.*

# THE BIGGEST WORD

**T**HE biggest word in the vocabulary of both women and men is clothes! Likewise, it comprises their biggest worry—and worry is one's worst enemy!

Why worry when we can eliminate the cause by keeping all of your garments fresh and new looking? Cleaning adds charm and length of life to materials.

**A**NOTHER service we can perform is on your garments that have become faded or where the color is no longer desirable. You can send these garments to us indicating your choice of color and thus bring added life and usefulness to garments that would otherwise be wasted.

Parcel-post or express shipments accompanied by your instructions designating work you desire will have prompt and careful attention.

**O**UR service will satisfy you as it is doing thousands of other customers throughout the United States.

## FRENCH DRY CLEANERS AND DYERS

Telephone Grand 4000

254-256 West Water Street

Blankets, Comforters and Feathers Cleaned.

# Safe Lubrication

New-process oil prevents many motor troubles—see your dealer

**T**EMPERED oil is the lubricant that withstands heat longest, that affords maximum protection to the motor, and that minimizes carbon troubles. Through the new low-temperature process by which it is refined, the charring, oil-destroying, excessive heat of ordinary refining is avoided. The native sturdiness of the parent crude oil is retained and strengthened.

Wadhams Tempered oil is refined in correct weights for every motor use.

## TEMPERED MOTOR OIL

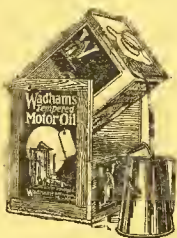

One of the outstanding superiorities of Tempered Oil is its almost entire freedom from carbon. The carbon that does form is fluffy and non-adhesive. It blows out of the exhaust instead of hardening inside, and becoming a lasting nuisance and danger to your motor.

## TEMPERED TRACTOR OIL

The greater endurance of Tempered Oil means less danger from the intense heat of tractor motor operation and greater resistance to dilution from unburned motor fuel. A special brand of Tempered Tractor Oil is refined for Fordsons. (Ask your dealer for the "Trojan" brand.)

## The Famous Top-Tip Can.

The Top-Tip Can is clean, wasteless, easy-pouring. It contains five gallons of Tempered Oil. The pressure of a finger tips the can on the pivot of its ingeniously designed shipping case. It pours a clear,

blurbless stream of oil without spilling or waste. In your garage at home, the Top-Tip can is a constant invitation to oil at the proper time and place, thus insuring longer car life.

## Heating Systems

LIBERTY

PIPELESS

HOT WATER or STEAM

Recommended by leading  
Architects and Builders.

—sold by reliable  
Dealers.

**YOU** want the most heat from the  
fuel you buy.

**YOU** want the heat with the least  
“care-taking” attention.

**YOU** want to feel sure you’ll be free  
from troubles.

—and if in addition we assure  
you that by installing

**GILT EDGE** Furnaces  
or Boilers

you can actually save  
in the amount of fuel

consumed, then you’ll want to  
see our Dealer,—if you can’t

find a **GILT EDGE** Dealer

in your town, write to  
us and we’ll help you  
solve your heating  
problems.

**DEALERS** — write for our  
proposition if you’re inter-  
ested in “trouble - free”  
profits.

## Don't Be an Idler

Why wait for business to come to you? Use the long-distance telephone for your "pull" method.

A considerable amount of business is waiting for you to pull in. Delay might mean it would go to another. Use of the long-distance telephone probably would retain this business for you.

Long-distance calls are the best stimulant for business. Save time and money. Carry on your business the "Long-Distance way."

Get acquainted with the money and time saving "Station to Station" service—call the Local Commercial Office for information.

# BERTHOLD

## *The Better Washer*

### WHY YOU SHOULD BUY A BERTHOLD

Because it is of a cylinder revolving reversing type, has less units than any other make of machine, **No Oiling Required**, has no belts, chains or cranks, no moving parts exposed, all mechanism enclosed in a cast-iron casing, eight and twelve sheet capacity.

Buy a BERTHOLD for a quicker  
and more sanitary washing.

IF YOUR DEALER CANNOT SUPPLY YOU

# AGNESIAN MAR-VELLA

## WHAT IT DOES FOR ONE'S FACE

It closes pores that are large.

It draws out the blackheads and pimples that seem so hopeless.

It draws out the yellow and sallow look that seems so impossible.

It destroys freckles forever.

It refines coarse grained and over-oily skin.

It destroys brown patches and liver spots.

It tightens loose and flabby skin.

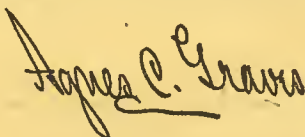

It tightens eye lines and sagging faces.

It removes scars and pock marks.

It removes white heads and the warty growth so often seen around the eyes.

It removes VACCINATION SCARS and the blue skin condition caused by certain medicine taken internally.

Marvella Does all this and more. I am offering this preparation to the public on a money back guarantee. Mailed Anywhere for \$1.00.

## THE TELEPHONE DIRECTORY NEVER GOES INTO THE WASTE BASKET

The Telephone Directory is the buyer's guide. It tells him where he can get just what he wants—when he wants it.

Appreciating this service, he treasures the Telephone Directory and keeps it in a handy place, generally near the telephone. It never goes into the waste basket.

It is a book that is in constant use and nets advertisers good returns. Your advertisement in the Telephone Directory will put you in touch with the people you have wanted to reach.
